DOG ADOPTION ROOM DEDICATED TO THE MATT STAIRS FAMILY

MATT STAIRS WITH WIFE LISA AND YOUNGEST DAUGHTER CHANDLER ACCEPT THE PLAQUE THAT DEDICATES THE DOG AREA TO THE STAIRS FAMILY FOR ALL THE SUPPORT THEY HAVE SHOWN THE FSPCA.

It is with great honour we dedicate the Dog Room of the FSPCA to the Matt Stairs family. Their support and dedication to the work we do is immeasurable. Through the Matt Stairs Charity Golf Tournament, the Stairs family has raised funds that have covered the medical bills for a whole year, as well as helping out with some emergency medical cases that needed that extra help.

We are deeply grateful and appreciative of the work they do, tirelessly fostering kittens, working and volunteering both for and with the animals, and just being there to lend a helping hand despite their busy schedules.

Matt is the Ambassador for the FSPCA, but he comes with incredible support from his family. So thank you Stairs family for all you do for the FSPCA!

A Success Story for Hazen...

Meet Hazen. A lovable 3 year old boy who came to us as a stray. During his medical check up the staff noticed a hard object under his skin on his upper right shoulder.

He was taken to the Veterinarian to find out what it was, and after an X-ray it was found to be a bullet. Hazen had been shot at with a .22 caliber gun. He had to undergo surgery to have it removed and now he is recovering from his ordeal.

It is because of donations from you, that Hazen is safe and healthy, and he was adopted into his forever home now that he has recovered.

Your donations helped Hazen and many more animals within our shelter. Hazen thanks you and so do we!

TOO HOT FOR PETS WITH FREDERICTON CITY POLICE

This summer the Fredericton City Police partnered with the Fredericton SPCA to educate the public about the dangers of leaving your pets in your car during the hot summer days.

Constable Alli Yerxa with PSD Endzo along with Constable Small, Constable Hatt and Constable Fox as well as the Wal-Mart stores on both the North side and the South side, helped get this message across. Highlighting the event was the demonstration that showed the vehicle was so hot you could cook an egg!

Of special interest was the Regent Mall's Paw Patrol vehicle that patrols the parking lot for pets and kids that are left in the vehicles. This was a great event and everyone had fun!

"Canadian Sourced - Home Made in our Kitchen!"

WHOLESOME Blend® Naturally FRESH...

SECOND CHANCES

Stiletto was originally found wondering around behind some buildings on the north side of Fredericton by a caring individual. She noticed that the cat's front left leg was broken so she brought her to the FSPCA. After a thorough health check, she was taken to the Veterinarian who assessed her and noticed she was also malnourished and dehydrated. She felt she had been that way for a while. A couple of days later it was imperative that she had to have her leg amputated as it had been infested with maggots and was severely infected.

Stiletto went into foster care to learn how to walk again and to fatten up. Reports from her foster family (now her adopted family) show that she is gaining weight and has learned to run, jump and claim your lap to curl up in and purr.

Thank you to the caring individuals that gave her a second chance!

ASK A VET - BLUE GREEN ALGAE

BY: DR. KRISTA FOREMAN

Blue green algae is a type of bacteria, called Cyanobacteria, which can be found in freshwater especially during hot weather when lakes, rivers and ponds have lower water levels.

The algae tend to accumulate together into "blooms" along shorelines. The blooms can produce two types of toxins - one that causes liver damage and another that causes neurological signs. Some blooms do not produce toxins but, without testing, there is no way to say which are producing toxins and which ones are not.

Microcystin is the toxin that can cause liver damage or failure. Signs include vomiting, diarrhea, blood in stool, weakness, jaundice, seizures and can progress to death usually after several days. The second type of toxin is Anatoxin which causes neurological signs including muscle tremors, spasms, seizures, difficulty breathing and sudden death which can follow minutes to hours after exposure. There is no antidote. Veterinary care is supportive - controlling seizures and protecting the liver.

AVOID EXPOSURE- small amounts, even a few mouthfuls, can be enough for severe symptoms if one of the toxins is present.

The CBC reports blue-green algae warnings in 7 NB lakes:

Washademoak Lake; Grand Lake; Harvey Lake; Chamcook Lake; Lake Utopia; Lac Baker; Lac Unique.

Department of Health advises against swimming, water-skiing etc. in the affected lakes and reports the toxins can persist for weeks.

Visit Animal Poison Control Center Website for more information.

In Memory of our Pets

Donations have been made to the FSPCA in memory of beloved pets who have made a difference in someone's life.

UPCOMING EVENTS:

OCTOBER 15th - FASHION 4 PAWS SAKE FASHION SHOW

Join us for an evening of fun and dog hijinks as 30 well know Fredericton people and their dogs walk the runway in clothing supplied by our local retailers. There will be a Silent and a Live Auction to highlight the event as well!

The Fashion 4 Paws Sake Fashion Show will be held at the Delta Hotel on Thursday October 15th. Doors open at 6:30 and the fashion show starts at 7:00 pm. Tickets are \$25 and are available at Read's News stand, The Barking Lot, Shur-Gain Feeds 'n Needs and the FSPCA.

For more information please call Karen at 476-4188 or karen@frederictonspca.ca.

NOV 21st & 22nd - FSPCA PET EXPO

If you are a pet lover you will want to attend the 7th PET EXPO at the Capital Exhibition Center in Fredericton on Saturday November 21st from 10 a.m. to 4 p.m. and Sunday, November 22nd from 10 a.m. to 4 p.m.

The Fredericton SPCA is organizing this fun, interactive event which will offer exhibitors, on-site demonstrations, vendors of pet-related products and displays of non-profit animal organizations from around the region.

There will be pet-related businesses, demonstrations such as "Ask a Vet" and Dog Agility, Pet Grooming and so much more. Come view cats, dogs, and ferrets to name a few animals you will see!

The entrance fee is by donation at the door and all money raised from this Expo will go back to the Fredericton SPCA to help animals in need. This is an event for the whole family!

DEC 5th & 6th - PET PHOTOS WITH SANTA

Our popular Pet Photos with Santa fundraiser is back! Bring your pet in to have their photo taken with Santa Claus. All photos are by donation to the Fredericton SPCA. Photos will be taken on Saturday AND Sunday, December 5th and 6th from 12 pm to 4 pm at Shur-Gain Feeds 'N Needs, near the Exhibition Centre off Smythe St.

TREE OF HOPE

Buy a paper light bulb for \$1.00 and help the animals at the FSPCA. Various locations around town will be selling our light bulbs and posting them on their walls for everyone to see. Buy one and put your name on it, a name of a pet or in memorium for someone that you have loved and lost. This is a great way to spread the Christmas spirit!
