

Cat Name: _____

Fredericton SPCA Cat Adoption Process

***Please note that to adopt a cat from the FSPCA you must be 19 years of age or older.

1. After meeting one of our available cats, ask a staff member for an application (that's this!)
2. Fill in the attached application and pass it over to one of our team members. NOTE: applications are reviewed by multiple staff members to get an unbiased opinion on the best match for the particular animal.
3. Interviews are scheduled with the applicants most suited to the aforementioned animal. Interviews are generally scheduled in the following days after the visit, *with the exception of holidays, staff training days, and weekends.*
4. Once the adoption has been completed, remaining applicants will receive a courtesy phone call informing them of the outcome. Our goal is to ensure the best match between cat and adopter.

For the following questions, please fill out the application completely and clearly with as much information as possible.

Name: _____ Date: ____/____/____

Address: _____

Postal Code: _____ Phone (*best reached by*): (_____) _____ - _____

Email address: _____
